

Astreo

P&A

**PRODUCT INFORMATION.**

A new generation of our popular downlight, has been improved with more efficient light engines and excellent technical lighting properties. By marrying cutting-edge thermal management with a refined optical engine, we've created a luminaire that works harder whilst looking better.

Superior luminous efficacy: Through the latest LED technology and high density arrays, the new Astreo delivers up to 15% more lumens per watt compared to its predecessor. This means a reduction in carbon footprint and lower energy cost for large scale installations.

Whether you are illuminating a minimalist gallery or corporate office, the Astreo provides the flexibility of interchangeable reflectors and driver options to suit any project requirement.

# TECHNICAL.

Product	Astreo <sup>2</sup> -S	Astreo <sup>2</sup> -M	Astreo <sup>2</sup> -L
Reflectors	Specular Black Reflector Faceted Reflector	Specular Black Reflector Faceted Reflector	Specular Black Reflector
Wattages	10.1W 15.7W	14W 20W	15W 23W
Lumens	1516Lm 2217Lm	1800Lm 2650Lm	2050Lm 3200Lm
Optics	60° Beam	60° Beam	60° Beam
IP Rating	IP54	IP54	IP54
CCT	3000K 4000K	3000K 4000K	3000K 4000K
CRI	Ra80+ as standard	Ra80+ as standard	Ra80+ as standard
Control	Fixed Output, DALI, DSI, Switch Dim, Casambi	Fixed Output, DALI, DSI, Switch Dim, Casambi	Fixed Output, DALI, DSI, Switch Dim, Casambi
Dimensions (DØxH)	146mm x 75mm	176mm x 86mm	226mm x 96mm
Emergency	Standard 3hr, DALI EM, Self- Test, 3hr DALI Wireless	Standard 3hr, DALI EM, Self- Test, 3hr DALI Wireless	Standard 3hr, DALI EM, Self- Test, 3hr DALI Wireless
